

POSLIGNE®

ePOS to match
your store decor

ODYSSÉ

INTEGRATED SYSTEM

Integrated
touchscreen
terminal with eight
interchangeable
colours to blend
perfectly with
every kind of retail
style, décor and
atmosphere

Odysse is the first exclusive POSLIGNE® collection of integrated point-of-sale terminals with distinctively styled, colourful and contemporary lines.

The unique "Clip'n Color" concept uses interchangeable polycarbonate colour clips located on the unit's sides, touchscreen surround and integrated customer display, Odysse can change its colour to match retail

stores' brand image and visual identity as these evolve over time.

Combining design style and high performance, the one-of-a-kind Odysse terminal incorporates the latest POS technologies (Intel P4 processor with 1GB of RAM for "Power+" version, RAID 0/1, RFID, Wi-Fi interface, SATA disk drives and more).

ODYSSÉ by POSLIGNE®

ODYSSÉ: DESIGN AND TECHNOLOGY

Clip'n Color

Add a touch of colour to Odysée with our clever clip system!

These modular, interchangeable, clip-on, clip-off parts made from polycarbonate are easy to fit and remove on the front, sides and customer display, so Odysée can blend into its environment, changing its colour as the mood takes you!

Odysée - key features:

- 2 colours for the CPU base and 9 interchangeable colour clips allow for 18 different colour configurations at the cash desk
- The very best in POS technology (P4, RAID 0/1, Wi-Fi, RFID, SATA disk drives)
- Integrated customer display
- Simplified maintenance (thumbscrews provide easy access to the motherboard and hard disk)
- Integrated power supply
- Wide range of coordinated "Clip'n Color" peripherals

colours of the system base

- pearl
- graphite

colours of the clips

- tonic orange
- carmine red
- pure white
- spice yellow
- soft blue
- indigo blue
- metal grey
- racing green
- black piano
