## In the Shop

A simple touch screen till with on-screen prompts that the volunteers find easy to use, a straight forward handling system for processing Retail Gift Aid items at the till and instantly available categorised sales and banking reports; it all means happier volunteers and better use of precious paid workers time.

## At Head Office

At head office you handle Retail Gift Aid confirmation letters, any refused Gift Aid donations and the eventual Gift Aid claim. Data is passed automatically from shop to head office enabling professional retail management of your shops.

## At the Warehouse

Kudos' warehouse stock management system integrates seamlessly with shop and head office operations to provide complete stock control of bought in goods. It offers a complete picking, packing and dispatch mail order management solution for all your activities, with full web shop and e-Bay integration.

## Retail Gift Aid

Kudos makes collection of Retail Gift Aid simple and cost effective. Once a donor has registered for Gift Aid at one shop they are then able to donate goods at any store without re-registering. No extra handling, no rekeying and full donor contact details available for follow up. Confirmation letters can be sent as a letter or electronically as the donor prefers.
