

# Portable Stocktaking HT630

## Stock taking made easy

With the HT630, you can download a stock take batch from Kudos and complete the stock take on the shop or warehouse floor. When you are finished, simply upload the data back to Kudos. It not only saves valuable time when stock taking, you can use the HT630 to book in goods received and to capture bar codes or bin locations on the shop floor.

### HT 630 Portable Data Collection Kit
