

Pickup & Delivery Management

We've developed Kudos Pick up & Deliver with and for Charity Shops to ensure a reliable and effective service. It may be furniture, or it may be general items – either way, Kudos Pickup & Deliver secures that pick up!

- Multiple vans
- Configurable Planner – which days, how many rounds, how many drops
- Print confirmations and item round labels as required
- Product Prompt messages – make sure the furniture pick up has fire certification
- CRM – because it's integrated with your tilling/Gift Aid solution, so are the contact details.

Arrange and Coordinate Pickups and Deliveries

- Easy to use and integrated with Kudos' user designed touch screens, with Pickup & Deliver your staff or volunteers will be confident arranging pickups or drops.
- Use the configurable planner screen to pre-plan and colour code visit areas and shows details of calls so you can optimise the trips.
- Change of timing? It's easy to move, delete or modify details of all the visits.
- The Simple driver drop sheet shows all the details and even flags up if a Gift Aid form needs completion.

The image shows two screenshots of the Kudos software. The top screenshot is a 'View Schedule' window for a vehicle named 'ABE1-ABC' for the week of June 1-7, 2015. It displays a grid with days of the week as columns and three vans (VAN 1, VAN 2, VAN) as rows. Each cell in the grid contains a color-coded box representing a visit, with some cells containing text like 'plymouth' or 'exeter'. The bottom screenshot is a 'Driver Drop Sheet' for 'exeter west'. It contains the text: 'Collect: sofa ga second floor, please ring at door and wait 01548 01010101'. At the bottom of the drop sheet are buttons for 'Add Note', 'OK', and 'Clear'.
