Retail+

- **Promotions and Discounts** - Multi-buys. Quantity breaks for all, some or one customer with validity periods and reporting.
- **Blind Reconciliation** - Secure cashing up tills and till transfers.
- **Shelf Edge Labelling** - All or some, one or more, design your own labels and batch print.
- **Vouchers and Customer Loyalty** - Collect points and issue your design of vouchers on a batched monthly basis. Print batches of vouchers for resale. Track vouchers transfers by serial number.
- **Touch Screen Functionality** - Specially designed point of sale to bring Kudos power to the touch screen world.

Stock+

- **Matrix** - For size/colour/fit for ordering, pricing and stock management. Includes branch stock levels.
- **Serial Number Tracking** - Record and manage serial numbers and batch numbers. Records when sold - and who to- for recalls.
- **Kitting** - Build kits from items on your stock file for pre-packs etc. Break kits at POS.
- **Reason Codes** - Record and report reasons for sales or order returns and stock adjustments.
- **Image Manager** - Scan, store, edit and sort images, text and PDF files. Relate them back to stock items for catalogue design or for additional details at the Point of Sale.
